STEFANO BOERI: MCBW CREATIVE EXPLORER 2024

Keynote Speaker at mcbw design summit

Short CV

Stefano Boeri, architect and urban planner with offices in Milan, Shanghai and Tirana, is Full Professor at Politecnico di Milano and Director of the Future City Lab at Tongji University in Shanghai. As the architect of the Bosco Verticale (Milan 2014) Stefano Boeri is among the leading players in the climate change debate in the field of international architecture. His work ranges from planning architecture and urban visions to design, with a constant focus toward the geopolitical and environmental implications of urban phenomena.
